

Product Overview

Foster First Defense® Disinfectant 40-80

EPA
Registered
Institutional
Disinfectant

EPA REGISTERED

40-80 is registered as an institutional, hospital grade disinfectant for use on non-porous surfaces. Effective as a biocide and virucide on hard surfaces.

READY TO USE

We measure the active ingredient in each batch using controlled water to optimize concentration and maximize performance without introducing any other impurities in the solution.

WATERBASED TECHNOLOGY

Preferred by staff applying the disinfectant, waterbased technology is less irritating than solvent or alcohol based products.

BLEACH-FREE

Fosters First Defense 40-80 does not contain bleach. Inadvertent overspray or usage will not damage fabrics or corrode metals.

Proven Performance

Foster First Defense®
Disinfectant
is currently used for
remediation, used for
decades cleaning up
after floods.
